WELCOME TO YEAR 12

This booklet aims to give students, parents and caregivers information about assessment for the Higher School Certificate (HSC) course. The Stage 6 assessment process and procedures reflect those from those of Year 11.

From Term 4 in Year 11, students will commence Year 12 assessment tasks in all subjects. The tasks will determine each student's assessment mark, which is a measure of each student's achievement relative to the performance of other students in the same course at Alexandria Park Community School.

The HSC will show two marks: The Final Examination Mark and the School Based Assessment Mark. The School Based Assessment Mark and Final Examination Mark each comprise 50% of the total HSC result.

There is a difference between qualifying for the HSC and gaining an Australian Tertiary Admission Rank (ATAR). The ATAR is a rank that is used for gaining entry to Tertiary Institutions.

Students, parents and caregivers are urged to read this booklet carefully. Students who are unclear about procedures or their responsibilities should immediately arrange an interview with their supervising Deputy Principal or Year Adviser.

PRINCIPAL'S MESSAGE

At Alexandria Park Community School we provide a nurturing environment where our students are supported and challenged to perform their personal best. Our staff is motivated by the love of teaching and learning. Their commitment provides a diverse, quality curriculum that allows each student to achieve success in the learning process.

While this is an exciting time, the move to Year 12 is a significant one and can be an anxious time for you and your family. In your diligence to succeed and achieve your potential best in courses, you will need to consider what you want to gain from your last year at Alexandria Park and how you can maximise learning while being involved in all aspects of your school. For some of you, this year will be a preparation for a profession, skilled trade, or a wide variety of careers. In addition, the continued learning experiences and participation as a school leader and the understanding that learning is a lifelong process is critical.

To gain the most 12, you must understand that the workload at school and at home will be more demanding and require more self-discipline than in the past. Whether you are planning to study at a university and need an Australian Tertiary Admission Rank (ATAR) or your HSC reflects a general education pattern of study or whether you have a combined pathway with vocational and academic courses; we know that you will graduate with honour and as a school we are very proud of your efforts.

As Principal, I will be required by the NSW Education Standards Authority (NESA) to sign to say you have met the course requirements for HSC courses. I will not be able to do this if you have not made an honest attempt to complete all set work. Excellent attendance is required for you to complete NESA requirements for your courses and to be deemed eligible for the HSC.

The staff at Alexandria Park Community are committed to supporting your learning and wellbeing and they will work diligently to help you achieve success at the HSC.

I wish you well for your Year 12 and look forward to working with you and our staff to ensure that the HSC class of 2025 strive for their personal best and gain excellent results as we prepare you for your future careers.

Debra Lade
Principal

YEAR 12 HIGHER SCHOOL CERTIFICATE

ASSESSMENT POLICY AND PROCEDURES

SATISFACTORY COMPLETION OF YEAR 12

- This information is for Higher School Certificate students at Alexandria Park Community School (APCS) and their parents/carers. We advise students to discuss this information with their parents/carers and to contact the school if they have any questions or concerns.
- NSW Education Standards Authority (NESA) Requirements Satisfactory completion of Higher School Certificate courses requires students to meet course completion criteria as well as assessment completion criteria.
- A student will be considered to have satisfactorily completed a course if, in the principal's view, there is sufficient evidence that the student has:
 - a) followed the course developed or endorsed by NESA;
 - b) and applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school;
 - c) and achieved some or all of the course outcomes.

To satisfactorily complete a Higher School Certificate course, students must follow NESA course requirements and:

- Have gained the Record of School Achievement (ROSA) or equivalent.
- Have attended 85% of the available school days.
- Have completed HSC: All My Own Work on the NESA website.
- Complete all the requirements of the course such as class work, homework, examinations, assessment tasks, including work placement for VET courses.
- Students must complete assessment tasks that contribute more than 50% of the total assessment marks to qualify for the Higher School Certificate. Students cannot qualify for a Higher School Certificate in a course where they do not meet minimum assessment requirements.
- Satisfactorily complete the NESA minimum standards in numeracy, reading and writing at level 3 or 4.
- Students are directed to the NSW Education Standards Authority (NESA) website for further information <http://educationstandards.nsw.edu.au/wps/portal/nesa/home>

SCHOOL BASED ASSESSMENT

Year 12 students complete school-based assessments as part of their HSC, which contribute 50% of their final HSC mark for a course (except VET and Life Skills courses). Assessment is based on mandatory weightings and components as set out in the syllabuses for each HSC course being studied.

VET COURSES

Assessment in VET courses is competency based. This means that the student needs to demonstrate that they have gained, and can apply, the specific knowledge and skills for the unit of competency to be deemed competent in that unit. Due to the specific requirements of VET courses it is recommended students speak to the VET Coordinator to ensure they are fully aware of the requirements. Students may elect to undertake the optional written HSC examination. Work placement is a mandatory HSC requirement of each VET course. For each course, a minimum number of 35 hours per year are required in the workplace.

LIFE SKILLS COURSES

Evidence of achievement of outcomes is gathered through ongoing assessment. There is no requirement for formal assessment of Life Skills outcomes. Life Skills outcomes and content will be assessed on the student's achievement of selected outcomes and parents/carers are always able to discuss the status of their child in courses with the Head Teacher.

EXAMINATION RULES AND EXPECTATIONS

At APCS examinations follow the same rules and expectations that apply in the Higher School Certificate along with some rules specific to APCS.

Closer to your school-based examination you will be issued with these rules in writing, along with your examination timetable.

APCS rules include the following:

- FULL SCHOOL UNIFORM IS REQUIRED TO BE WORN DURING ALL EXAMINATIONS, INCLUDING THE HSC.

Following exam room procedures:

- Check your desk and papers carefully.
- Before starting each exam, you must sit at the desk that shows your name and student number. Desks may be set up differently at each exam.
- Ensure that all electronic devices like phones or smart watches are not brought into the exam room.

Make sure that you have the correct exam paper for the course you have entered. When the supervisor asks you to, you must also check that no pages are missing from your exam paper.

You will have a set reading time for each paper. During this time, you must not write, use any equipment, including highlighters, or mark your paper in any way. If you are allowed a dictionary, you can read it, but you cannot write on or mark it during reading time.

You must not:

- Write on anything other than writing books, answer booklets or other writing material provided by the presiding officer. You should not write on any other equipment including your body, clothing or tissues.
- Leave the room, except in an emergency. If you must leave and want to come back to continue the exam, you must be supervised while you are out of the room.
- Leave (finish) the exam in the first hour. Your school may not allow any students to leave early.
- Leave the exam in the last 15 minutes.
- Take an exam paper out of the room. Speak to your teacher if you want to see a paper afterwards.

BEHAVE POLITELY AND TAKE EXAMS SERIOUSLY.

APCS POLICIES AND PROCEDURES

The policies and procedures at APCS follow those advised by NESAs.

An assessment schedule for each subject is provided to students in the Assessment Booklet, containing an outline of all assessment tasks for that year, the weightings of tasks, assessed outcomes and estimated timing within the school calendar.

Students should expect between 2 and 4 formal assessment tasks for each subject. The tasks will form the basis for the reports issued at the end of each semester and therefore they will be designed to assess a range of syllabus outcomes and course content that has been taught in class.

Assessment tasks are compulsory for all students, excluding those completing Life Skill courses. All tasks are important and regardless of the weighting for an individual task, students should do their best to meet the criteria of the task rather than allocate effort based on the weighting.

A written notification will be issued for each assessment task, including exams. It is the student's responsibility to be alert to the notification and due date of tasks by reference to the Assessment Schedule.

Written notification of school based assessment tasks:

- You will be given at least two weeks written notice for a formal assessment task.
- You will sign for this notification which will explain:
 - the type of task (e.g. in-class, submitted, performance, practical)
 - the timing of the task or the time and date due
 - the weighting of the task (e.g. 20%)
 - the outcomes being assessed and
 - the assessment criteria
 - instructions for submission.

With in school examinations, you must follow the same procedures as outlined by the requirements of NESAs for all examinations.

It is the student's responsibility to seek the assessment task notification if they are absent when the notification is issued as the assessment task schedule booklet is deemed the first notification.

SUBMISSION OF ASSESSMENT TASKS

Assessment tasks are to be submitted on the due date by 9am (excluding in class tasks), this includes all material for speeches and oral presentations. Students should ensure that their name is on each page or item of the submitted task. If a student cannot attend school on the day a task is due, then they may submit the task online before 9am.

Major works and practical assessment submission times will be at the discretion of the Head Teacher and will be printed on the assessment task notification along with details of submission.

Each faculty is responsible for coordinating the process of collecting tasks to ensure accurate recording of the time and date that the student submits the task. Students must complete all tasks to the best of their ability or may receive an N warning letter.

Electronic/digital submission will be coordinated by the Head Teacher of the subject. Requirements for digital submission will be clearly stated on the assessment task notification sheet.

FORMAL EXAMINATIONS AND IN CLASS TASKS

All class assessment tasks and formal examinations will be completed on the designated day and time. Attendance in each lesson prior to the class task or formal examination is required on the day a task is due. Failure to do this will result in a penalty. In special circumstances where a student cannot attend all lessons on the day, special consideration may be requested by submitting an Illness/ Misadventure application. Examinations will NOT be rescheduled for unapproved leave such as vacations.

TECHNOLOGY AND ASSESSMENTS

Technology failure is not a valid reason for failure to submit an assessment task on time.

Students should:

- Students are to save their work in the cloud, failure to back up your work is not a valid reason for misadventure.
- Tasks which are to be submitted electronically should be checked well before the due date to ensure that data can be accessed at school.
- Check the compatibility of your home software with the school's technology.
- Save a copy of the final version of your task to an email address that can be accessed at school (such as your student.fantastic@education.nsw.gov.au email account).
- A student presenting work produced via computer or submitting work online who experiences computer/technology difficulties or printer failure must follow these procedures by applying for misadventure on the date the task was due by completing a misadventure form (from the Deputy Principal or Head Teacher of that course) presenting it to the Head Teacher of that subject before school along with documentary evidence, such as a note from home.
- If a student chooses or is required to prepare and produce work with the use of technology, it is their responsibility to ensure backups and hard copies are made well in advance of the due date of the assessment task. Program and software compatibility are also potential problems and need to be considered in advance. Malfunctions of computer technology, even theft, without evidence of 'work in progress' are NOT valid reasons for the late submission of an assessment task.

THE ASSESSMENT PROGRAM FOR LIFE SKILLS COURSES

Students studying Life Skills courses will follow a different assessment program. Each student accessing Life Skills outcomes and content will be assessed on their achievement of the selected outcomes. The syllabus outcomes and content form the basis of learning opportunities for students. Assessment should provide opportunities for students to demonstrate achievement and can occur in a range of situations or environments such as the school and wider community.

Evidence of achievement can be based on:

- assessment as learning (where students monitor and reflect on their own learning)
- assessment for learning (such as observation during teaching and learning or work samples)
- assessment of learning (assessment activities specifically designed to assess achievement at particular points).

ABSENCES DUE TO ILLNESS OR MISADVENTURE

It is essential that students ensure that they are present for and complete all assessment tasks. If a student is absent on the day of an assessment task, they must contact the school to explain the absence, and then provide the Head Teacher of the subject with an illness/misadventure form they day they return to school.

- An illness claim MUST be supported by a medical certificate dated at the time of the illness specifying the nature of the illness. If a student is still away sick on days after the due date, the medical certificate must cover all days of illness NOT just the day of the task.
- Generally speaking 'Misadventure' is for unforeseen misfortune.
- Holidays/travel are NOT a valid excuse for missing an assessment task/exam OR for requesting an alternate date for the task/exam. This includes asking to sit a task/exam early to accommodate a holiday.
- Technological malfunctions are not automatically considered a valid excuse. (Please refer to notes on 'Technology Problems')
- If a task is submitted after the due date and time and the student has not submitted the appropriate documentation, then the student will be awarded zero for the task.

Where the Head Teacher and Deputy Principal decides that a valid reason has been supplied, the following special procedures will be implemented in all courses in all subjects:

- an extension of time, or
- awarding of a mark based on completion of a substitute task, or
- where neither is feasible nor reasonable, or where the missed task is difficult to duplicate, the Head Teacher and Deputy Principal may authorise the use of an estimate for that task based on other appropriate evidence.

NB: Students who do not make a serious attempt at more than 50% of assessment tasks within a course will receive an 'N' determination for the final assessment submitted to NESAs.

APPLYING FOR AN EXTENSION

If a student has prior knowledge of a circumstance that will impact their ability to submit a task on the due date or attend an in-class task, test or examination, they must complete an Illness/Misadventure Form. This form MUST be submitted at least 5 days BEFORE the assessment task due date. The decision will be recorded in writing and communicated to the student.

LATE SUBMISSION OF ASSESSMENT TASKS

Late submission of a task without approved reason from the Head Teacher, via the Illness/Misadventure Form in Years 11 & 12 will result in a zero mark.

NON-SUBMISSION OR NON-COMPLETION OF ASSESSMENT TASKS

Failure to submit or complete an assessment task will result in a N Warning letter and a zero mark for the task. Students will be required to still submit a missed task or complete an equivalent alternative task in order to resolve the N Warning letter and meet the requirements for satisfactory completion of the course. Feedback on the task will be given to the student.

NON-SERIOUS ATTEMPT OF ASSESSMENT TASKS

A non-serious attempt is considered as failing to submit a reasonable attempt at a task. This may include, but is not limited to, the following:

- Inappropriate written content submitted as part of a task.
- Inappropriate behaviour during an examination
- Failure to complete significant sections of an assessment (e.g. only attempting the multiple choice and not attempting extended response questions)

The Head Teacher of a subject and Deputy Principal will determine whether a task is a non-serious attempt. In the case of a non-serious attempt an N Warning letter will be issued and the student will be awarded a zero mark.

APPEALS

Students have the right to ask their teacher for feedback at the time a task is returned but cannot appeal against the teacher's judgement.

Students can appeal to the APCS Appeals Committee to review a student's rank order only if:

- the weightings specified in the assessment program are not those stated by NESAs;
- the weightings for tasks are not consistent with those specified by the published policy; and/or
- there are computational or clerical errors.

The school's Appeals Committee, comprising of the secondary Deputy Principal, the subject Head Teacher and another Head Teacher, will investigate the claim by reviewing and examining appropriate records and report its findings to the student. Students may appeal to NESAs if they consider the process of the review were not carried out properly (refer to the ACE Manual on the NESAs website).

HONESTY, INTEGRITY AND MALPRACTICE

All work presented in assessment tasks and external examinations (including submitted works and practical examinations) must be a student's own or must be acknowledged appropriately. Malpractice, including plagiarism, could lead to students receiving zero marks and will jeopardise their Higher School Certificate results.

Malpractice is any activity that allows students to gain an unfair advantage over other students. It includes, but is not limited to:

- copying someone else's work in part or in whole, and presenting it as their own
- using material directly from books, journals, CDs or the internet without reference to the source
- building on the ideas of another person without reference to the source
- buying, stealing or borrowing another person's work and presenting it as their own
- submitting work to which another person, such as a parent, coach or subject expert, has contributed substantially
- using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement
- paying someone to write or prepare material
- breaching school examination rules
- using non-approved aids during an assessment task
- contriving false explanations to explain work not handed in by the due date
- assisting another student to engage in malpractice
- unauthorized use of artificial intelligence technologies.

In the case of suspected plagiarism, students will be required to provide evidence that all unacknowledged work is entirely their own. Such evidence might include but is not limited to the student:

- providing evidence of and explaining the process of their work, which might include diaries, journals or notes, working plans or sketches, and progressive drafts to show the development of their ideas
- answering questions regarding the assessment task, examination or submitted work under investigation, to demonstrate their knowledge, understanding and skills.

The Head Teacher and Deputy Principal of a subject will make the final determination to record a mark of zero. An N Warning letter will be issued and the student will be required to re-attempt the task or complete an alternative task.

All Stage 6 students must have completed the NESA 'All My Own Work' mandatory program at the start of Stage 6.

A Year 12 student guilty of suspected malpractice will have their name recorded on the NESA Register of Malpractice for HSC assessment tasks and a N Warning letter will be issued.

'N' DETERMINATION WARNING

If a student is not meeting the course requirements or fails to complete an assessment task by the due date they are given what is termed a non-completion warning letter. A copy of the N Warning letter is issued to the student and posted home, the letter outlines:

- Any issues of concern or outstanding work.
- The date by which students should redeem the outcomes of the missed work.
- If a student is to be given a non-completion ('N') determination because of failure to complete tasks which contribute in excess of 50 percent of the final assessment marks in that course, the principal will inform NESAs.

THE 'WARNING LETTER' PROCESS

If you are not working and if you are not attending school and classes regularly (i.e. above 85%) you may be at risk of not meeting the requirements to gain your HSC. If this is the case then teachers will give you formal warnings in writing, as follows:

1. **Warning 1** – A 'FIRST' formal warning letter will be sent by your class teacher and the Head Teacher outlining work that is to be completed and a due date. This letter will be handed to the student and a copy posted to the parent/carer. If the work is not completed and/or there is no improvement, then:
2. **Warning 2** – A 'SECOND' formal warning letter will be issued, and contact will be made with the Head Teacher and your parent/guardian. If this work is not completed and there is still no improvement, then:
3. **Warning 3** – You will be interviewed by the Deputy Principal and a 'THIRD' formal warning letter will be issued. The Deputy Principal or Principal will organise an interview with your parent/carer.

If after these warnings there is still no improvement, the Principal will conduct an interview with you and your parent(s)/carer where the 'N' determination may formally be made.

'N' DETERMINATION

If you fail to comply with NESAs requirements for the Higher School Certificate, you may receive an 'N' Determination in a subject. This means that the course will not appear on your Record of Achievement and in some cases, this will mean that you will be illegible for the award of the Higher School Certificate.

COMMUNICATING WITH OUR SCHOOL

Alexandria Park Community School values parent communication and engagement with our school and recognises the importance of having an effective system in place to assist with this process. The link below to the school community charter outlines the responsibilities of parents, carers, and school staff to ensure our learning environments are collaborative, supportive and cohesive.

<https://education.nsw.gov.au/public-schools/going-to-a-public-school/school-community-charter>

If you would like to contact the school, you can do so by:

- Phoning the school admin office on 9698 1967
- In person – please report to the Administration Office
- By email @alexparkcs-schools.nsw.edu.au, please write the name of teacher in the subject box.

Year 12 has a Google Classroom that all students will join, and parents are also invited to join. This is a great place for the Year Adviser to communicate with the students. Parents and students will be invited to join the APCS Sentral Portal. You will be issued with a code that allows you to access information such as school reports, the booking system for Parent Teacher Night, school newsletters and daily notices. A letter with more information will be sent out to all parents and students.

Who to contact:

POSITION AT APCS	MATTERS THEY DEAL WITH:
Classroom Teachers	First contact for anything pertaining to that individual subject. This may include class work, homework, assignments or a specific incident that occurred in that classroom.
Head Teachers of Each Subject Area	If a parent/carer has worked with their child's classroom teacher and feels that their needs should be further addressed. If a parent/carer would like to share some positive experiences that are happening in the classroom or at home in relation to that topic.
Learning and Support Teachers	If a parent/carer feels that their child needs some support in the classroom due to diverse learning needs.
Year Adviser	Can assist with matters that are occurring outside of the classroom and with wellbeing concerns. If a parent would like to share some positive experiences that are happening at school or at home in relation to their child.
Head Teacher Wellbeing	Can assist with matters that are occurring outside the classroom and with wellbeing concerns that are serious in nature. Can also assist with serious ongoing medical condition notifications (diabetes, anaphylaxis).
Deputy Principal	To be notified directly with serious concerns that a parent/carer feels cannot be dealt with by other staff at the school. If a parent would like to share some positive experiences that are happening at school or at home in relation to their child.
Principal	To be notified directly with serious concerns that a parent/carer feels cannot be dealt with by the Deputy Principal. If a parent/carer would like to share some positive experiences that are happening at school or at home in relation to their child.

HSC COURSE INFORMATION

PLEASE NOTE:

The Assessment Schedules printed in this booklet for all curriculum areas are intended as a guide. Changes to these may be made during the year as extenuating circumstances occur.

Students will receive advance warning of assessments through an assessment notification at least two weeks prior to any task .

Students will sign they have received any alterations to this published schedule.

Outcome	Description	
ME12-1	Applies techniques involving proof or calculus to model and solve problems	
ME12-2	Applies concepts and techniques involving vectors and projectiles to solve problems	
ME12-3	Applies advanced concepts and techniques in simplifying expressions involving compound angles and solving trigonometric equations	
ME12-4	Uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution	
ME12-5	Applies appropriate statistical processes to present, analyse and interpret data	
ME12-6	Chooses and uses appropriate technology to solve problems in a range of contexts	
ME12-7	Evaluates and justifies conclusions, communicating a position clearly in appropriate mathematical forms

SUBJECT		MATHEMATICS EXTENSION 2
Outcome	Description	
MEX12-1	Understands and uses different representations of numbers and functions to model, prove results and find solutions to problems in a variety of contexts	
MEX12-2	Chooses appropriate strategies to construct arguments and proofs in both practical and abstract settings	
MEX12-3	Uses vectors to model and solve problems in two and three dimensions	
MEX12-4	Uses the relationship between algebraic and geometric representations of complex numbers and complex number techniques to prove results, model and solve problems	
MEX12-5	Applies techniques of integration to structured and unstructured problems	
MEX12-6	Uses mechanics to model and solve practical problems	
MEX12-7	Applies various mathematical techniques and concepts to model and solve structured, unstructured and multi-step problems	
MEX12-8	Communicates and justifies abstract ideas and relationships using appropriate language, notation and logical argument

TECHNOLOGY AND APPLIED STUDIES

SUBJECT	DESIGN & TECHNOLOGY
Outcome	Description
H1.1	Critically analyses the factors affecting design and the development and success of design projects.
H1.2	Relates the practices and processes of designers and producers to the major design project.
H2.1	Explains the influence of trends in society on design and production.
H2.2	Evaluates the impact of design and innovation on society and the environment.
H3.1	Analyses the factors that influence innovation and the success of innovation.
H3.2	Uses creative and innovative approaches in designing and producing.
H4.1	Identifies a need or opportunity and researches and explores ideas for design development and production of the major design project.
H4.2	Selects and uses resources responsibly and safely to realise a quality major design project.
H4.3	Evaluates the processes undertaken and the impacts of the major design project.
H5.1	Manages the development of a quality major design project.
H5.2	Selects and uses appropriate research methods and communication techniques.
H6.1	Justifies technological activities undertaken in the major design project through the study of industrial and commercial practices.
H6.2	Critically assesses the emergence and impact of new technologies, and the factors affecting their development.

SUBJECT	COMMUNITY & FAMILY STUDIES (CAFS)
Outcome	Description
H1.1	analyses the effect of resource management on the wellbeing of individuals, groups, families and communities
H2.1	analyses different approaches to parenting and caring relationships
H2.2	evaluates strategies to contribute to positive relationships and the wellbeing of individuals, groups, families and communities
H2.3	critically examines how individual rights and responsibilities in various environments contribute to wellbeing
H3.1	analyses the sociocultural factors that lead to special needs of individuals in groups
H3.2	evaluates networks available to individuals, groups and families within communities
H3.3	critically analyses the role of policy and community structures in supporting diversity
H3.4	critically evaluates the impact of social, legal and technological change on individuals, groups, families and communities
H4.1	justifies and applies appropriate research methodologies
H4.2	communicates ideas, debates issues and justifies opinions
H5.1	proposes management strategies to enable individuals and groups to satisfy their specific needs and to ensure equitable access to resources
H5.2	develops strategies for managing multiple roles and demands of family, work and other environments
H6.1	analyses how the empowerment of women and men influences the way they function within society
H6.2	formulates strategic plans that preserve rights, promote responsibilities and establish roles leading to the creation of positive social environments
H7.1	appreciates differences among individuals, groups and families within communities and values their contributions to society
H7.2	develops a sense of responsibility for the wellbeing of themselves and others
H7.3	appreciates the value of resource management in response to change
H7.4	values the place of management in coping with a variety of role expectations

SUBJECT	PERSONAL DEVELOPMENT, HEALTH & PHYSICAL EDUCATION (PDHPE)
Outcome	Description
H1	describes the nature and justifies the choice of Australia's health priorities
H2	analyses and explains the health status of Australians in terms of current trends and groups most at risk
H3	analyses the determinants of health and health inequities
H4	argues the case for health promotion based on the Ottawa Charter
H5	explains the different roles and responsibilities of individuals, communities and governments in addressing Australia's health priorities
H6	demonstrates a range of personal health skills that enables them to promote and maintain health (Option 1)
H7	explains the relationship between physiology and movement potential
H8	explains how a variety of training approaches and other interventions enhance performance and safety in physical activity
H9	explains how movement skill is acquired and appraised
H10	designs and implements training plans to improve performance
H11	designs psychological strategies and nutritional plans in response to individual performance needs
H12	analyses the influence of sociocultural factors on the way people participate in and value physical activity and sport (Option 2)
H13	selects and applies strategies for the management of injuries and the promotion of safety in sport and physical activity (Option 3)
H14	argues the benefits of health-promoting actions and choices that promote social justice
H15	critically analyses key issues affecting the health of Australians and proposes ways of working towards better health for all
H16	devises methods of gathering, interpreting and communicating information about health and physical activity concepts
H17	selects appropriate options and formulates strategies based on a critical analysis of the factors that affect performance and safe participation

SUBJECT	SPORT, LIFESTYLE & RECREATION STUDIES (SLR)
Outcome	Description
1.1	applies the rules and conventions that relate to participation in a range of physical activities
1.2	explains the relationship between physical activity, fitness and healthy lifestyle
1.3	demonstrates ways to enhance safety in physical activity
1.4	investigates and interprets the patterns of participation in sport and physical activity in Australia
1.5	critically analyses the factors affecting lifestyle balance and their impact on health status
1.6	describes administrative procedures that support successful performance outcomes
2.1	explains the principles of skill development and training
2.2	analyses the fitness requirements of specific activities
2.3	selects and participates in physical activities that meet individual needs, interests and abilities
2.4	describes how societal influences impact on the nature of sport in Australia
2.5	describes the relationship between anatomy, physiology and performance
3.1	selects appropriate strategies and tactics for success in a range of movement contexts
3.2	designs programs that respond to performance needs
3.3	measures and evaluates physical performance capacity
3.4	composes, performs and appraises movement
3.5	analyses personal health practices
3.6	assesses and responds appropriately to emergency care situations
3.7	analyses the impact of professionalism in sport
4.1	plans strategies to achieve performance goal
4.2	demonstrates leadership skills and a capacity to work cooperatively in movement context
4.3	makes strategic plans to overcome the barriers to personal and community health
4.4	demonstrates competence and confidence in movement contexts
4.5	recognises the skills and abilities required to adopt roles that support health, safety and physical activity
5.1	accepts responsibility for personal and community health
5.2	willingly participates in regular physical activity
5.3	values the importance of an active lifestyle
5.4	values the features of a quality performance
5.5	strives to achieve quality in personal performance
