

Alexandria Park Community School

Project update

August 2019

Timelapse progress images – 16 April 2019 and 7 August 2019

Investing in our schools

The NSW Government is investing \$6.7 billion over the next four years to deliver 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

Alexandria Park Community School project

Alexandria Park Community School is being redeveloped to cater for increasing student enrolments from Kindergarten to Year 12. The new school includes new permanent learning spaces, special education learning spaces, and special high school program rooms for subjects such as visual and performing arts, science and metal and woodwork. The redevelopment also provides new core facilities including an administration area, hall, library, gymnasium, sports courts and play spaces.

The school is continuing to operate as usual during construction using temporary pop-up classrooms and facilities for students from Kindergarten through to Year 12.

Earthworks on site

Progress summary

Demolition works for Stage 1 are now complete. During demolition waste material was segregated to allow the separate waste streams to be recycled and reused. The contractor is committed to an 80% target for reuse and/or recycling of waste during the works.

Civil and remediation works have started, with an increasing number of heavy machines on site.

Finalisation of the detailed design process is nearing completion.

Upcoming works

The works will shortly expand to include installation of screw piles (the ground anchoring system used for building foundations) and pile caps. The team is also preparing to upgrade the existing on-site stormwater culvert.

Site Management

All site works are carried out in strict accordance with the approved environmental management plans, applicable legislation, regulations, policies and guidelines. School Infrastructure is committed to ensuring the health and safety of Alexandria Park Community School's students and staff and the neighbouring community. Noise, vibration and air quality monitoring is ongoing during the associated works.

Site operational hours

Standard site working hours are:

- 7.00am to 6.00pm - Monday to Friday
- 7.30am to 3.30pm - Saturdays

No work takes place on Sundays or public holidays.
