Collaboration

Learning

Self-Management

Problem Solving

And much more...

For more information, contact the Career Advisor of your school or JobQuest at 4731 4400 or 4960 9024.

Foundation Skills for Vocational Pathways (a Stage 5 Board Endorsed VET course).

It is now well established that core skills such as resilience and self-discipline promote the long term success of students. These skills are as important if not more important than cognitive skills such as IQ in determining the socioeconomic success of young people.

Endorsed by NSW Education Standards Authority, this course will develop the core skills of the students critical to their future achievement. With projects and work-based learning, students will

be credentialed for a 100-hour elective study on the Record of School Achievement (RoSA), and FSK10213 Certificate I in Skills for Vocational Pathways if they successfully complete all prescribed assessments.

Led by highly experienced and knowledgeable trainers from JobQuest, the program will help your child to develop all essential skills needed in the workplace or for further studies.

FSK10213 Certificate I in Skills for Vocational Pathways and NESAs 100 Hour course requirements
