

# REACH @ APCS

Dear Parents/Guardians,

Alexandria Park Community School has previously partnered with UNSW Global to offer its annual REACH Assessments. **REACH** has taken an online format in 2021.

We have identified that REACH assessments will provide us with the most comprehensive view of student learning and have therefore replaced ICAS in our assessment strategy at APCS in the past two years. Please be assured that the impact of this change will be minimal, and we will continue to receive the same benefits from Reach Assessments that we did from ICAS.

**REACH** Assessments are suitable for students across a wide range of ability levels. Students are presented with high-quality, expert-developed questions allowing students to apply their learning without the need for prior study or revision.

**APCS** students are encouraged to participate in **Reach** Assessments in **English, Mathematics, Science & Writing**. The reports allow a broader perspective of student performance and the data aids teachers in targeting individual students' needs.

**To enrol your child in Reach, please complete the registration form overleaf and return it, with your entry fees, to school by *(No later than)* April 23, 2021.**
